

Top 10 List of SSCC Rookie stuff

1. Review your rule book! Particularly: Flags, passing, and what to do if you have mechanical failure. (We don't cover EVERYTHING in the driver's meeting!)
2. Join a team! (It's a good way to get know the other crazies and save \$25 on your next race)
3. Check for gloves & valve stem caps BEFORE you go to grid race day (trust me, people forget gloves and lose caps checking air)
4. Stash as much water as you safely can in your car (may need it if you breakdown a ways from a course worker) Also, if you do breakdown, you're responsible for obtaining transport for your car! 
5. Be aware of the infamous off-camber right curve after mm LN-28, almost at LN-27 (70.2 miles in) and a few dips in the road after LN-40.
6. **Drive within your limits**, there are no scouts from NASCAR or F1 here
7. Watch your tech speed!!! You can close or be closed on faster than you think!
8. **Don't stop on the course to shave off time! You stop, you're done.** See number 1 again.
9. Pay attention and be safe. This is a dangerous sport.

10.  **Have fun!!** 

Most veterans you meet during this event are more than happy to answer questions you may have. Don't be afraid to ask!!! Trust me; they're a talkative bunch...

Also, at the Mandatory Driver's Meeting, please proceed to the Reserved Rookie Seating area front and center.

Target times for various mile markers courtesy of Navigator Liaison

Start: 0 miles GPS = N38 50.221 W115 00.636 (38.837017, -115.010600)

Check3: 30.11 miles GPS = N38.24.898 W115.01.628 (38.414967, -115.027133)

Check6: 57.25 miles GPS = N38.01.988 W114.57.914 (38.033139, -114.965222)

Finish: 90 miles GPS = N37 37.645 W115 13.279 (37.627417, -115.221317)
